IF CURRENT CLIMATE TRENDS CONTINUE, OUR OCEAN WILL BECOME BARREN IN THE YEAR 2048. THIS CATASTOPHIC EVENT WILL CAUSE A MASS EXTINCTION OF ALL LIVING ANIMALS. THIS IS NOT A HOLLYWOOD SCRIPT, THIS IS OUR CURRENT REALITY. GO VEGAN NOW, OR BE FORCED TO GO VEGAN LATER. GIVEN THE FUTURE OUTCOME, THE CHOICE TO GO VEGAN IS AN OBVIOUS & DELICIOUS DECISION TO MAKE. WE ENCOURAGE OUR PATRONS TO ESCAPE THE MATRIX OF THOUGHTLESS MEAT CONSUMPTION & DEFEND OUR ANIMALS BY EATING LIKE MORE RESPONSIBLE HUMAN BEINGS. THE FATE & FUTURE OF OUR FRAGILE ECOSYSTEM WE CURRENTLY KNOW DEPENDS ON YOUR ACTIONS AND EATING HABITS OF TODAY. #THEFUTUREISVEGAN
